From:
Tanja G.
Independent Human QA System
Specialised in:
– spotting errors entire corporations miss
– embarrassing billion-dollar retailers
– drinking tea while fixing the entertainment industry

To:
Amazon Deutschland GmbH
“Quality Assurance Department”
(assuming it exists — evidence pending)

Date: 5. February 2026

Invoice No.: 000-L0K1 - External Metadata Auditor (Unofficial, Unrequested, Unapologetic)

Services Rendered:
1. Discovery & reporting of **25** metadata failures
2. Cross-platform verification
3. Pattern identification
4. Public documentation
5. Customer-impact analysis
6. Reputational damage assessment
7. Educating them on the existence of Tom Hiddleston’s actual surname
8. Notifying them that Chris Evans is not Robert
9. Reminding them Samuel L. Jackson is not a quantum superposition of “Samuel Jackson / L. Jackson”

Hours worked:
Let’s call it:
→ Several days more than Amazon spent on QA this decade

Rate:
€999 per discovered error
(Industry norm for “cleaning up someone else’s mess with receipts”)

Subtotal:
31 errors × €999 = €30,969

Additional Charges:
– Mental suffering caused by incompetence: €2,500
– Emotional trauma from scrolling AmazonDE metadata: €4,200
– Hazard pay for looking at 19, NINETEEN “Hiddlestone” listings: €6.600
– Patience surcharge for being ignored 90+ days: €9,000

Grand Total Due:
€53.269 EUR

Payable within 7 days.
Late fee: An angry post on X (100% guaranteed to go viral).

Preferred payment method:
– Bank transfer
– Gold Coins
– Asgardian Wine
– A personal apology from Bezos written in pen, not crayon

New Line Item (discovered on the 27.11.2025) – Catastrophic Cross-Brand Credit Collision

“Avengers x The Avengers” Unlicensed Metadata Crossover Event

Rate: €12,500 (industry standard for “**ARE YOU KIDDING ME?!**” level errors)

Bonus Charges:

• Licensing-Panic Compensation: €3,900 (for the StudioCanal lawyers who will scream upon reading it)
• Marvel Brand Protection Effort: €2,750 (for preventing the wrath of Kevin Feige descending upon Germany)
• Emergency Tea Consumption Fee: €650 (self-explanatory)
• Fees for elevated chocolate consumption to keep nerves calm: €1075.

Metadata Contamination Fee (Cross-platform spread)
For every miscredit that infected other retailers (e.g., Thalia, medimops, BMV-Medien) via Amazon’s metadata system.
Rate: €850 per platform × 3 = €2,550

Continued Infringement” Penalty – Hiddlestone’s Revenge™
For each additional incorrect “Hiddlestone” listing found after the initial report on Sept 28, 2025, across multiple platforms (Thalia, medimops, BMV-Medien).

Rate: €999 per violation
Total Count: 24
Subtotal: €23,976

Revised Compensation Terms - Triggered by continued non-compliance

For each full calendar week during which any affected listings remain incorrect, Amazon shall provide:

1 Signed Collectible per Week, chosen on rotation from the following impacted talent:

• Tom Hiddleston (priority rotation)
• Samuel L. Jackson
• Scarlett Johansson
• Jeremy Renner
• Chris Evans
• Robert Downey Jr.

Conditions:
• Signatures must be genuine (no printed facsimiles - I know what you’re thinking, Amazon)
• Items must be iconic: Steelbooks, limited editions, promotional stills - no cheap DVD copies
• Each shall include a certificate of authenticity and a box of Asgardian Wine or chocolate
• Missed weeks accumulate interest in the form of exclusive premiere invitations of above listed talents
